

An aerial photograph showing a large, rectangular, vacant lot of land. The lot is mostly covered in dry, brownish grass with some green patches. To the left of the lot, there are several residential houses with brown and grey roofs, and a driveway. To the right of the lot, there is a multi-lane highway with a concrete barrier. At the bottom of the image, a wide road with multiple lanes is visible, with the text 'Rockside Rd' appearing twice. The lot is bordered by a sidewalk and a road on the left, and a road on the right. The overall scene is a mix of urban and undeveloped land.
